Reports of Societies - - - - - - - - 178, 350, 537, 707

INDEX.

* Denotes an original article. † Book reviewed.
Review of Current Literature not marked.

A.

Abdomen in labour, the .....†457
Abdominal delivery with total extirpation in a neglected transverse presentation with a dead child in Denman's position 343
—— operations, a ring tetra for use in *444
Abell, J.: The technique of suspension of the uterus 481
Abortion, some effects of drugs on 160
—— the treatment of 146
Abortions, virulence of streptococci and the treatment of 513
—— afebrile, treatment of 342
—— of one twin, delivery of second at term 320
—— late hæmorrhages after labour and 701
—— the responsibility for the treatment of 520
—— further data on the effect of vaccination against bovine infectious abortion 491
Absorbing power of the vaginal mucous membrane for chemicals, the 143
Accidental hæmorrhage and placental infarction, etiology of 464
Acetone bodies, investigations into the, of the blood during pregnancy and their relationship to the acidosis of pregnancy.....507
Acetonurius, pre and post operative 154
Acid effects of hydrochloride acid and lactic acid 160
Acidosis, a tendency to, in the toxæmia of pregnancy 482
Acomb, L. E. and Candy, T. I.: Full time ovarian fœtabia 463
Actinomycosis Pelvis 162
—— of the tubes and ovaries, report of a case of 679
Acute hepatic insufficiency and death early in the puerperum 115
—— infections in the nursing, pathogenesis and histology of 691
Adenoma of the uterine cervix 689
Adenomas of endometrial origin in the laparotomy scars following incision of the pregnant uterus 327
Andenomyoma of the abdominal walls 327
—— with chorion epithelioma, a case of 83
Adenomyosis, the clinical side of 341
Adnexa, spontaneous torsion of the 336
Adrenalin, intra cardiac injection of, as a means of resuscitating apparently still born infants 340
—— and Ergotamine, the action of, on the uterus of the rabbit 671
—— on the intracardial injection of, in asphyxia neonatorum 142
Agglutination of blood groups, the constancy 704
—— of the whole blood of the mother and the foetus, and their relations with physiological icterus neonatorum 117
—— of the gonococcus in man, a study of 666
—— affinitus of the abortus-melitensis group of bacteria, with special reference to two human strains.....491

Ahumada: The prophylaxis and treatment of cancer of the ovula 535
Akamatsu, W.: Serological properties of the newborn and puerperal woman 536
—— —— Albumen content, viscosity, and relationship of albumen to globulin in the blood serum of the newborn and puerperal women 536
Albano, G.: Gynæcological post operative cystitis 149
Albumen content, viscosity and relationship of albumen to globulin in the blood serum of the newborn and the puerperal women.....536
Allan E. and Pratt, J. P.: Clinical tests of the ovarian follicula hormone 490
Anæsthetic vapour from the operating theatre, a method of removing the 142
Amenorrhœa, hypophysical 704
Analysis of wound union 100
Anatomico, pathological observation in epithelioma of the cervical mucosa 148
Ancel and Bouin: Concerning the biological action of the corpus luteum 690
Andrews, R. and Russell, H.: Backache in women 95
—— —— —— Common difficulties in labour met with in general practice 459
Antepartum, accidental hæmorrhage, a revised conception of.....*194
Antibodies, human, in blood and milk 704
Antinatal volvulus, acute duodenal obstruction due to 666
Appendicitis, during pregnancy and in the puerperium 348
—— influence of pregnancy on 348
Armytage and V. B. Green: Complete exstrophy of the bladder with split pelvis *436
Artificial fæcundation as a zootechnic method 97
Ascarus lumbricoides an, in the fallopian tube *448
Aschner, B.: The superiority of the extended conservative operation for fibro myomata of the uterus over the radical operation and Roentgen-castration 507
Asphyxia neonatorium, on the intracardial injection of adrenalin in...142
Atresia of the genital tract, treatment of 343
Aveling Repositor: A case of puerperal inversion of the uterus replaced by new form of 76
Autohæmotherapy of mastitis, local 415
Autoplasm therapy, the biological significance of the novocaine-formalin reaction of costa 148
Axial torsion of the fibro myomatous uterus *419

B

Babes, A. A.: The hypertrophic ferm of tuberculosis of the body of the uterus (pseudo neoplastic tuberculosis) 344
—— —— and Paltineause, M.: The possibility of a cure of cancer of the uterus as a result of an exploratory curettage 687
Bacillus abortus, variation in CO_2 requirements among bovine strains of 491
—— —— the relation of, from bovine sources to Malta fever 491

Backache in women 95
Bacterial toxæmia, some pathological changes in the ovary due to.....160
Bahr: Sterilization and induction of labour from a legal point of view 704
Baidin, A.: A case of particularly severe injury to the urethra during labour, and its operative treatment 132
Bailey, H., and Driscoll, W.: Shock in the pregnant and puerperal woman 331
Bailey, K. V.: Medicinal induction of labour 319
Baker, A. and Mizen, J.: Acute duodenal obstruction due to antinatal volvulus 666
Baker, Alfreda H.: The factors involved in the production of intra cranial birth injuries *224
Balard and Mangé: On a case of unrecognised uterine rupture 115
Ballin, L.: Colostrum secretion and gynæcological diseases 514
—— —— Age and maturity of uterine cancer 514
Banister, J. B.: The plea of induction of premature labour in the treatment of contracted pelvis 667
Barclay: The problem of malignancy 105
Bardenheurs, incision 340
Barsky, C.: The constancy of agglutination of blood groups 704
Batisweiler, J.: Early tubo ovarian pregnancy 344
Bauer, K. H. and Wehefritz, E.: Does hæmophilia occur in the female! 701
Bauld, W. H. G.: Induction of labour 475
Baumm, H.: A congenital displacement of the kidney 503
Beans, R. J.: The etiology of embryonic deformities 468
Bech, A.: A case of labula hermaphroditism 119
Becker, C.: Caveromateus degeneration of heterope invaginated epithelium in the uterus 132
Beckers, R.: A case of pregnancy unrecognised until term 119
—— —— Spinal anæthesia in obstetrics 119
Becker: The treatment of abortion 146
Belding, D. L.: Notes on the etiology and epidemiology of impertigo contagiosa neonatorium 330
Bell-Beuttner operation with ovarian conservation or grafting 102
Bell, W. Blair: The material and methods of a gynæcological and obstetrical clinic *642
Bell, W. Blair, and others: The treatment of malignant disease with lead 319
Bell, W. Blair: Bell-Beuttner operation with ovarian conservation or grafting 102
—— Ovarian grafting 100
—— The technique of the closure of laparotomy incisions 300
—— The material and methods of a gynæcological and obstetrical clinic *33
—— The specific character of malignant neoplasia 91
—— Theory and practice in relation to the treatment of cancer with lead 464
Berendt, H.: Development, technique, uses and results of the temporary sterilization by X-ray 135

Berkeley Comyns: Why has the teaching of midwifery been so inefficient! *634
—— Endometrial tumour of laparotomy scar *657
—— and others: Indications and methods for termination of pregnancy, before the viability of the child 666
—— Save the women and children 462
Bernards, so called laws of the first born and of alternative, a critique of 470
Bernhart: Tertiary syphilis and stricture of the female urethra 147
Beuthner, B.: Spontaneous torsion of the adnexa 336
Biedl A., Peters H., Hofstatter R.: Attempts to isolate the interstitial gland in the ovary, with special reference to the transplantation of Roentgenised ovaries 123
Bile pigments and the bile acids, changes in the, found in the blood during pregnancy and labour 508
Biologic and pathology des Weibes....†313
Birth injuries, the mechanics of, their cause and prevention 681
Birth injuries requiring orthopœdic treatment 105
Bladder, complete exstrophy of, with split pelvis *436
Blair, A.: Folliculoma of the ovary 586
Blair, E. Murray: Modern evolution of gynæcology 673
Blood calcium in eclampsia, the 323
Blood calcium and ovaries 123
Bohm: Prognosis based upon miscroscopic findings for radiation of uterine carcinoma 513
Böhn, S.: Fatal termination of a prolapsed uterus 140
Bohnen and Borrmann: Blood volume in pregnancy 122
Bokelmann, O., and Rother, J.: The uric acid content of the blood during pregnancy 509
Bokelmann, O., Bock, A., and Rother, J.: Investigations into the acetone bodies of the blood during pregnancy and their relationship to the acidosis of pregnancy 507
Bolaffio, M.: The treatment of ovarian insufficiency with Roentgen rays 147
Bonnet, L.: Differential diognosis between peritoneal flooding and acute appendicitis 112
Bonney, Victor; A case in which endometrial tissue was accidently implanted *658
—— —— The Major problem of puerperal sepsis 318
—— —— Myomectomyas, the treatment of election for uterine fibroids 91
Boorstein, S. W.: Birth injuries requiring orthopœdic treatment....105
Bosworth, T. J., and Glover, R. E.: Contagious abortion in Ewes....97
Bourne, Aleck W.: Recent advances in obstetrics and gynæcology...†455
Brams, W. A., Dorne, M., Tumpeer, I. H.: Gastric acidity in syphilitic children 486
Brandess, T.: Differences in the size of twins and their causation ...336
Brannar, D., and Cohen, M.: Necrosis of the corpus luteum of pregnancy 322
Braun, M.: Psychotherapy 336
Breast, human, on the cyclical changes in the 536
Breech presentation. investigation of labour with 530
—— extraction in, with special regard to forceps delivery 145

Briand and Spindler: Agglutination of the whole blood of the mother and fœtus, and their relations with physiological icteous neonatorum 117
Brickner, W. M.: Pelvic actinomycosis 162
Bride, John Webster: Obstructed labour in a case of uterus didelphys*446
Brindeau and Juge: Surgical interventions during pregnancy 688
Broad ligament, lipoma of the, with report of a case 332
Broich, H. V.: Seven years' experience of cæsarean section 343
—— —— The bearing of the degree of vaginal infection on the course of the puerperium 340
Brookfield, Leo, and Ivens Frances: A case of naegele pelvis 296
Brooklyn Hospital, obstetrical heresies at the 332
Browne, F. J.: Etiology of accidental hæmorrhage and placental infarction 464
Bublitscheinko, L.: Estimation of the virulence of bacteria in puerperal diseases 514
Bultemann, H.: Photo-chemical serum reaction in gynæcology 517
Bund, R.: Eclampsia and its effect on the later health of the mother and child 144
Burris, M. G.: Abortion of one twin, delivery of second at term 320
Burrows, M. T., Johnston, C. G.: An experimental study of the relation of the ovary to fat metabolism 107
Butorno, W., Metabolism after milk injections 122

C.

Cæsarean section, a contribution to the technique of *426
—— —— indication for 677
"Cæsarean section" .....†88
—— —— supra symphyseal 685
—— —— the conduct of labour after 680
—— —— in œdema of the vulva 137
—— —— for labour, complicated with prolapse of the cord 79
—— —— seven years' experience of 343
—— —— at the Cook County Hospital 481
—— —— gonorrhæl opthalmia after 515
—— —— an intestinal obstruction after 528
—— —— post-mortem 532
—— —— the technique of trans-peritoneal 533
—— —— —— of trans-peritoneal 479
—— —— late 532
—— —— irreducible dermoid cyst prævia necessitating 501
—— —— concerning the obstetrical future of women subjected to low transperitoneal 499
Caffey, J. P., and Wilcox, H. B.: Lead poisoning in nursing infants due to the use of lead nipple shields 489
Calcium in the mother's diet during pregnancy, the influence on the young of an excessive amount of 95
Cameron, Samuel J.: Uterine hæmorrhage .....†314
Cancer: The possibility of a cure of the uterus as a result of an exploratory curetage 687
Cancer of cervix, on curietherapy of 120

Cancer implantation, the effect of prepuberty on subsequent 107
—— Inoperable of the female pelvic organs, the treatment of 93
Cancer cell and nature's defensive mechanism 101
—— has the mortality from, changed in Copenhagen! 161
—— of the uterus 150
—— of the cervix, a histological investigation of a case of, cured locally by radium and X-ray treatment 346
—— statistics, researches on during war-time 514
—— of uterus and its treatment by erradication 328
—— of the vulva, the prophylaxis and treatment of 535
—— radiological treatment of the uterine (Sixth Congress of the International Surgical Society) 492
—— widespread secondary growths from vulval 460
—— of the cervix of the uterus, treatment of 501
Candy, T. I., and Acomb, L. E.: Full time ovarian fœtation 463
Capizzano, N., and Molinari, L.: Observations on 442 cases of uterine fibromyomata and their surgical treatment 154
Capizzano, N.: Curietherapy of uterine cancer 153
Carajannoponlos: Concerning a hæmolytic fibromyoma of the uteurus...691
Carcinoma, primary of the tube 336
—— uteri, radium treatment for 483
Cardini, C., and Martinez, F.: Pre and post operative acetonurias 154
Carcinoma and sarcoma, micro-organisms of 163
—— of the prolapsed cervix 666
—— following posteria division of the cervix *434
—— of ovary and post climacteric hæmorrhage 129
Cardio vaseular conditions in the pregnancy of normal women 94
Carcinomatous degeneration of hectrope invaginated epithelium on the uterus 132
Carter, P.: The vomiting of pregnancy, its causation and its treatment by ovarian extracts 684
Case for the unborn child 92
Cassidy, Lounis: Annual report of the Coombe Lying-in Hospital, 1925. .....†452
Cell development, mechanism of 337
Celluloid Jars for mounting permanent specimens *660
Cervix, adenoma of the uterine 689
Cervical tears as a cause of post-partum hæmorrhage after spontaneous delivery 134
—— —— A reply to Dr. Hans Baumm on his work on the treatment of, following spontaneous birth 145
Cervical Erosions, electro coagulation for 482
Cervix Fibromata (large) of the, three cases of 119
—— cancer of, on curietherapy of 120
—— Carcinoma of the prolapsed 666
—— a histological investigation of a case of cancer of, cured locally by radium and X-ray treatment 346
—— of the uterus, transillumination of the 489
Chamberlain, R. S., and Friedman, E.: Phœnic nerve injury in the new form 487
Chapman, W. W.: Symposium on obstetrics, some end results 476

Chauvin, E., Esmenard, and Jaur: Researches on the role of coagubility of the blood in the production of the post operative phlebitis 499
Chemical changes in hyperemesis of pregnancy—pathological and ...*61
Cherry, T. H.: The results of diathermy in pelvic infections 489
—— The treatment of pelvic infections 480
Chick, H., and Roscoe, W. H.: The influence of sunlight and diet on milk .....PSE
on milk 671
—— —— and Smith, H. H.: Maintenance of a standardised breed of young rats for work upon fat soluble vitamines with particular reference to the endowment of the offspring 467
Childbirth, scopolomine morphin narcosis in, ...319
Chisholm, A. E.: Widespread secondary growths from vulval cancer...460
Choreic symptoms in pregnancy 158
Chori-epithelioma primary of the pouch of Douglas 534
Chorio-carcinoma of the uterus, primary 532
Chorion epithelioma with adenomyoma, a case of 83
Chorie-epithelioma and lutein cell tumours, the biological relationship between 706
Chueco, A.: Operative procedure of vaginal hysterectomy, peritonization by means of the broad ligments with ligature of their vessels..112
Clavipurin, experience of, given intravenously in midwifery 338
Climactic disorders, treatment of 516
Clinical report (annual) of the Raja Sir Ramascami Mudalians Lying-in Hospital, Madras, 1922 .....†450
—— —— —— of the Government Hospital for Women and Children, Madras, 1923 .....†450
Closure of laparotomy incisions, the technique of the 300
Coccygeal retraction complimentary to the mauricean head delivery...498
Coccyx, excision of 163
Cohen, M., and Brannan, D.: Necrosis of the corpus lutein of pregnancy 322
Colastrum secretion and gynæcological diseases 514
Collosal argentium in the treatment of septicæmia following abortion...94
Comparison of dried and evaporated milks by a dietetic method 96
Contagious abortion in Ewes 97
Control of uterine hæmorrhage by the Roentgent ray 104
Cook County Hospital, Cæsarean section at the 481
Convulsions in eclampsia, the intramuscular injection of magnesium sulphate for the control of 331
Coombe Hospital report 85
Coombe Lying-in Hospital, annual report of the, for 1925 .....†452
Contracted pelvis, the place of induction of premature labour in the treatment of 667
Copenhagen, has the mortality from cancer changed in 161
Corpus luteum, biological action of the, and of the "interstitial gland" of the ovary 112

Corpus luteum, concerning the biological action of the 690
—— —— of pregnancy, necrosis of the 322
—— —— the, as the source of the follica hormone 322
—— —— the influence of the, upon menstruation *380
—— —— the relation between the, and the mammary gland 672
—— —— specific inhibitory hormone of the 488
Cornual adenomyoma and endometrioma of ovary after bilateral salpingectomy *439
Corrosive sublimate poisoning by the genital tract, a case of 467
Corscaden, J.: The radio therapeutic menopause, its significance and management 683
Cotte and Bertrand: Radiological examination of the uterus and tubes after injection of lipiodol 688
—— and Peycelon: Concerning the technique of the ligamentary fixation of the uterus 689
Cotret René de, concerning pituitren or hypophyscal extract 689
Craig, F. B.: The diagnosis and management of persistentoccipite-posterior presentations 678
Crew, F. A .E.: The mechanism of interitance 667
Criminal abortion, two cases of rupture of the uterus, in 143
Crookshank, F. G.: Migrane and other common neurosis .....†456
Crousoe, R.: Three cases of large fibromata of the cervix 119
Curietherapy of uterine cancer 153
Currie, C. J.: Posterior presentations and their treatment 473
Curtis, A. H.: Pelvic infection, chronic 102
Cuthbertson: Hæmatoma occurring spontaneously in sheath of rectus abdominus muscle 106
Cysœdema, a peculiar bloating of pregnancy 95
Cystitis: gynæcological post operative 149

D.

Da Costa, C. C.: A case of implantation of an ovary 533
—— —— late cæserean section 532
—— —— A post-mortem cæserean section 532
Danforth, C.: Adenomoyma of the abdominal wall 327
Daniel, C.: Study of the normal interstitial parts of the tube 498
D'Arcy, C .E.: A case of pregnancy at full term in rudimentary horn of the uterus 98
Darner, H. L.: Torsion of the normal fallopian tube 333
Davison, W. C.: The duodenal content of infants in health and during and following diarrhœa 160
